

Create Your Account

New Users

Everyone will be a new user on this platform - whether you have had a previous SuperShow Admin account, a previous competitor, or a Trade profile.

Once you create an account on any of the ISA SuperShow platform websites, you can log into all show public websites on the platform with a single sign-on.

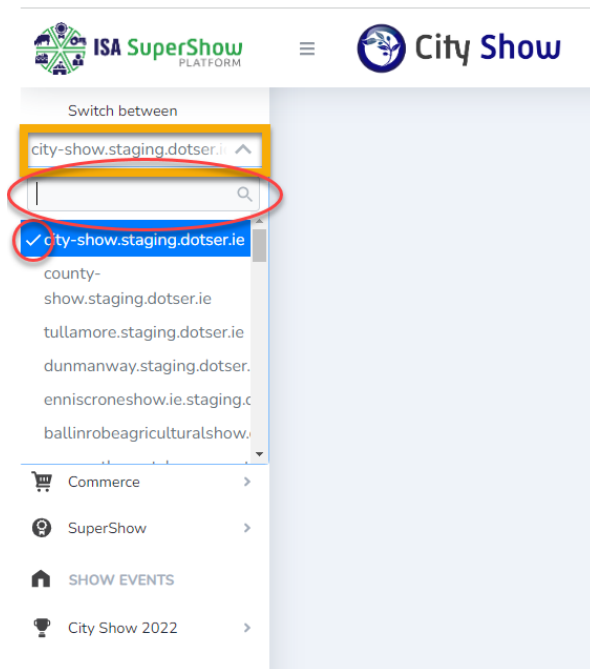

Once you have an account created, the SuperAdmin or your SuperUser will be able to assign the relevant roles to you to start editing your site.

You only need to remember one login email and password to log in to ANY ISA SuperShow Platform site.

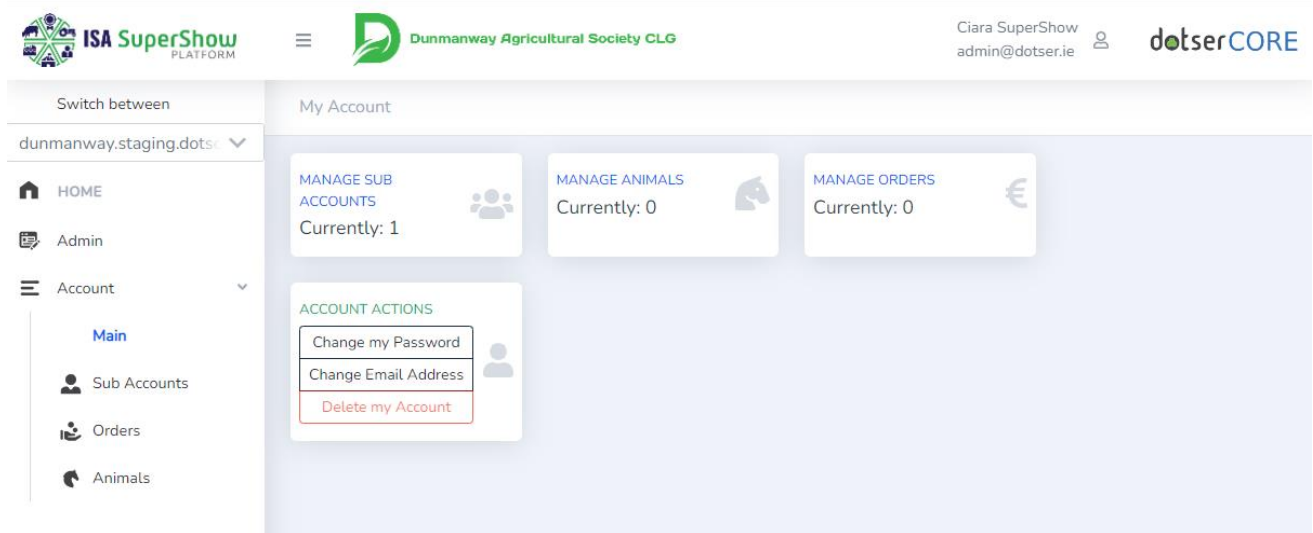

To get started;

1. Go to any show using the ISA SuperShow Platform
 - a. For example, <https://dunmanway.staging.dotser.ie> - it does not matter which site you create your account with, as the account will carry to every show site on the platform.
 - b. Once you create your account, you will be able to see the full list of sites (right side menu) and change to your own site or any other site.
2. Click on **LOGIN** from the top menu
3. Click **REGISTER** on the Login screen, if you have not yet registered
4. Fill in your **Name, Email Address** you want to conduct your business on the website with, and a strong **password**.
 - a. You will need a strong password: *Passwords must have between 8 and 64 characters, contain at least an UPPERCASE and a lowercase letter, a number, and a special character (!@#\$%^&*()_-+=+{};,<.>)*
 - b. If you forget this password anytime, you can simply reset it. You only need to click on the '**Forgot Your Password**' link on the login screen and a link will be sent to that email address to create a new password. The link expires in 1 hour, so send it as often as necessary.
5. You can now see your **Account dashboard**, including the sub-accounts used under that email address, your stored animals, and your orders for that show.

- a. You will see a dropdown at the top of the right-hand menu, where you can switch between sites - **find your own site from the list using the search box or scroll through the dropdown.** *These are all staging domain names, they will change once the site goes live.*

6. Click on the **Show logo** to go to the front end of the website.
7. You are now ready to enter competitions, apply for trade stands, purchase products and more.

Full List of ISA SuperShow Sites

Please log into your site and create your account. **All users** will need to create an account - Admins or Regular Users.

A SuperAdmin or SuperUser will upgrade your account privileges once you have the account created.
